To the Judiciary Committee-

RE: Oppose HB 6816- AN ACT CONCERNING MICROSTAMPING-ENABLED PISTOLS, RAISING THE AGE TO PURCHASE AMMUNITION AND RESTRICTING THE SALE AND POSSESSION OF BODY ARMOR.

The bureaucrats in Hartford want to limit the areas where law abiding citizens can carry a firearm (HB 6667) and also limit a citizens ability to wear protective gear? When are the bureaucrats going to propose that we wear targets on our backs?

Furthermore, wanting to phase-out the transfer of “non-micro stamped” firearms down the road is a thinly veiled plan to remove legally purchased firearms from law abiding American citizens.

It is no coincident that the same political party who proposed this bill is also the same political party that left tens of millions of dollars worth of American Made Military equipment in the hands of terrorists. You bums need to correct your priorities.

Thank you for your time.
